Getting started

You've joined and signed in—now what? Begin by completing your profile and telling us a little bit about yourself. Then start building healthier habits one day at a time. Here are a few options to help you get started.

Personalize your experience

Go to the **More** tab and discover the many ways you can customize your wellbeing program. Connect your activity tracker or another wellbeing app and set your topics of interest to make your experience focus in on what matters to you most.

Complete the Health Check

The Health Check asks questions about your current health status and wellbeing habits. Once completed, you'll see your health score, learn about possible health risks and get practical tips to help you maintain and improve your wellbeing. You'll find the survey under the **Health** tab.

Track your Healthy Habits

Healthy Habits offer you bite-sized ways to build a healthy routine and improve your wellbeing. Over time, these small steps add up to big changes that'll make you successful. Your Healthy Habits will be customized based on your Health Check results and the interests you set in your profile. Go to **Healthy Habits** to change up the habits you try over time.
